

PTV Vision Expert Forum in New Delhi

We are happy to announce our 1st PTV Vision Expert Forum, which will take place

August 8, 2009, 10 AM – 2 pm in New Delhi

With the changing scenarios of development in India, Micro and Macroscopic transport / traffic stimulation tools have become one of the most important tools for evaluating the feasibility and functionality of any transport proposal.

To address this need you are invited to the first PTV Vision Expert Forum in Delhi. This forum will focus on various aspects of developing simulation environment for Indian heterogeneous traffic conditions.

The forum will bring together the expert experience and advice from software developers, academicians and consultants to showcase various aspects of transport simulations for developing countries like India.

Who Should Attend

- All PTV Vision users, new or experienced
- Transportation engineers, planners and consultants
- Academics and researchers

The Expert Forum is the opportunity to invite you, your team and your business partners to join us in a pleasant atmosphere to become up-to date on PTV Vision software developments and to discuss all topics related to state-of-the-art transportation planning.

Followed by a lunch, we will have the opportunity to expand our discussions. Please do not miss this opportunity to exchange your know-how with other transportation experts of International level.

Venue

Habitat World
India Habitat Centre
Lodhi Road
